LIFELock ADVANTAGE

LifeLock Advantage™ service provides enhanced identity theft protection beyond financial and credit fraud.† We search for falsified court records containing your information to help you avoid arrest for crimes you haven't committed and monitor for fictitious identities using aliases with your Social Security number. We'll also alert you of potentially fraudulent credit card activity and you'll receive access to your credit report and score.

Benefits of LifeLock Advantage

- ✔ **LifeLock Identity Alert® System**
Actionable alerts are sent in near real time as soon as LifeLock detects your Social Security number, name, address or date of birth in applications for credit and services within our extensive network.† We monitor over a trillion data points, including those for new credit cards, wireless services, retail credit, mortgages, auto and payday loans. You can choose alerts by text, phone or email and respond immediately to confirm if the activity is fraudulent with our proprietary Not Me® verification technology.†
- ✔ **Credit Card, Checking and Savings Account Activity Alerts**
Review your credit card, checking and savings account activity in one secure place. Receive alerts for cash withdrawals, balance transfers and large purchases to help detect fraudulent activity.†
- ✔ **Black Market Website Surveillance**
Identity thieves illegally buy, sell and trade personal information on black market Internet sites around the world. LifeLock patrols over 10,000 criminal websites and notifies you if your private data is found.
- ✔ **Fictitious Identity Monitoring**
Scans for names and addresses associated with your Social Security number in public and credit record sources such as credit grantors, state agencies, and collection agencies to help determine if criminals are building fictitious identities to open accounts or commit fraud.
- ✔ **Court Records Scanning**
Monthly court record checks for matches of your name and date of birth to criminal activity that helps protect you from being falsely associated with arrests and convictions.
- ✔ **Data Breach Notification**
Whether it is the result of internet hackers or careless humans, breaches of confidential information happen at companies, offices and stores where you shop. LifeLock informs you of publicly reported larger scale security breaches and stolen credential events so you can take action to protect your personal information.
- ✔ **Address Change Verification**
Mail containing financial information is vulnerable to identity thieves who may attempt to divert it. LifeLock monitors change of address requests and notifies you when they detect your personal information.
